## WISCONSIN WEATHERIZATION PROGRAM

---

The Weatherization Program is an additional benefit available to a small number of households every year, who receive **Energy Assistance**. The program is designed to reduce energy usage and lower heating costs.

### WHAT IS WEATHERIZATION?

---

Weatherization is a process where a home is evaluated for air leakage, insulation and energy efficiency. Then based on the findings; air sealing, insulating, and repair or replacement of mechanicals such as water heaters, furnaces and ventilation fans may be able to be addressed to reduce energy usage and improve indoor air quality.

### IS THERE A COST TO THE APPLICANT FOR WEATHERIZATION SERVICES?

---

There is **NO COST** for weatherization services.

**North Central Community Action Program, Inc.**  
**2111 8th St So • Suite 102 • Wisconsin Rapids, WI 54494**  
**715-424-2581**

## **WHO IS ELIGIBLE FOR WEATHERIZATION SERVICES?**

---

Anyone who is approved for Energy Assistance is financially eligible for the Weatherization Program and will be put on a weatherization priority contact list.

## **WHO RECEIVES WEATHERIZATION SERVICES?**

---

- North Central CAP targets high energy use households for the weatherization program.
- Renters and home owners are eligible for the program.
- Every year thousands of people apply for energy assistance and are added to the weatherization priority list.
- North Central CAP is only able to weatherize a few hundred homes each year.
